

ShoreStation FlexPower™ Hydraulic Lifts are a superior system, offering features & protection that traditional cable winders don't.

Compare the features and discover why ShoreStation is far superior value!

Cables pulled not wound

VS.

Cables wound around pole or winch drum

ShoreStation Hydraulic	Comparison Chart	Traditional Cable Winder
Up to 96" per minute*	Speed	Up to 40" per minute
Cannot overwind or unspool	Cable Protection	Easily unspool if cable goes slack
Safe Reliable DC with Solar Panel	Power Source	AC Circuit Required
15/3 Manufacturer's Warranty	Warranty	1 year
Hassle-free cable design, corrosion resistant materials, stainless cables and hardware	Maintenance	Annual inspections, cable greasing, re-string cables
Tandem pump auto levels	Level Lifting	Manual intervention to keep level
2 Key FOB remotes standard	Wireless Operation	Unavailable or upcharge
Corrosion free poly/aluminum UltraBunks conform to hull	Bunk Support	Rigid carpeted wood bunks

Our revolutionary hydraulic design utilizes DC power to provide the fastest lift speeds on the market. Cables cannot be overwound or unspooled maximizing cable life, safety, and your time spent on the water.

The result...the fastest, safest, most reliable boat lift on the market!

* Lift speed based on 4000 lb. lift. Speed varies as capacity increases.
