

ShoreStation® ShoreScreen Power Curtain

PROTECTION
ALL SEASON

**From covered to uncovered
in seconds. Protect your boat with
this remote controlled screen.**

The Ultimate in Boat Protection

Protect your boat from damaging UV rays, and create a barrier against wind-blown debris, insects and birds to ensure your boat stays in showroom condition. No more hassling with traditional heavy boat covers and snaps.

Fast, Trouble-free Operation

Two drive motors positioned on opposite corners roll all four screens simultaneously without complicated cables or pulleys.

Sun-Control Screening with Microban

The black SunTex 80 woven mesh gives the ShoreScreen a subdued shadowy effect. It absorbs and dissipates up to 80 % of the sun's heat while allowing air flow. The microban technology prevents mildew build-up when rolled up.

Convenient Wireless Operation

Simply push a button on the remote and the cover quickly raises and lowers around your boat. You can even use the same remote for both your lift and ShoreScreen.

Scan the code or visit the link below to experience the ShoreScreen Power Curtain in action.

**Quietly raises and
lowers in seconds with
the push of a button.**

Quality Design

Wireless Operation
12V DC motors use the boat lift battery and is controlled with the same remote as your lift.

Maximum Overhead Clearance
Absolutely no overhead structure, cables or pulleys to restrict boat lift height.

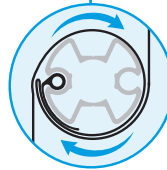

Maintenance Free
Corrosion resistant aluminum frame provides a durable and long-lasting structure.

360° Protection
Fully unrolled, the curtain is 7 ft long.

Easy Installation
Installs in as little as two hours with two people.

Modular Design

Curtain panels mount directly to boat house roof or side of pilings with adaptable brackets (included).

Keder Track Roll Bar System

Simply & efficiently retracts all four sides as one using a patented center roll bar design which eliminates intricate and troublesome cable/pulley systems.

Boat House ShoreScreen Specifications

SHORESCREEN KIT #	INSIDE DIMENSIONS	MAXIMUM CURTAIN LENGTH	POWER SYSTEM	CONTROL SYSTEM	CURTAIN MATERIAL
CS270-102-7B	22.5' x 8.5'	7 Feet	2 Linked 12V DC Motors (with single control)	Wireless Remote (2 included) and Keyed Toggle Switch	Phifer Sun Tex 80 Sun Control Screening
CS270-114-7B	22.5' x 9.5'	7 Feet			
CS294-102-7B	24.5' x 8.5'	7 Feet			
CS294-114-7B	24.5' x 9.5'	7 Feet			
CS294-126-7B	24.5' x 10.5'	7 Feet			
CS318-114-7B	26.5' x 9.5'	7 Feet			
CS318-126-7B	26.5' x 10.5'	7 Feet			
CS342-114-7B	28.5' x 9.5'	7 Feet			
CS342-126-7B	28.5' x 10.5'	7 Feet			
CS390-126-7B	32.5' x 10.5'	7 Feet			
CS414-138-7B	34.5' x 11.5'	7 Feet			
CS462-138-7B	38.5' x 11.5'	7 Feet			

* Installation recommendations: Add approximately 6 additional inches to inside width for adequate slip clearance. The use of post style load guides is recommended to prevent the curtain from blowing against the boat.
