Your Legal Rights Under Midwest’s Limited Warranties

All of the Midwest Limited Warranties stated in this document are the only express written warranties made by Midwest applicable to the **ShoreStation** lift. These Limited Warranties give you specific legal rights and you may also have other rights which vary from state to state. You may have some implied warranties, depending on the state in which your lift is registered.

For example, you may have:

1. An “implied warranty of merchant ability” (that your lift is reasonably fit for the general purpose for which it was sold);
2. An “implied warranty of fitness for a particular purpose,” (that your lift is suitable for your special purposes; if your special purposes were specifically disclosed to Midwest itself – not merely to the distributor or dealer – prior to purchase.)

These implied warranties are limited, to the extent allowed by law, to the time period covered by the written warranties set forth in this publication.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Subsequent Buyer/Owner:

This warranty is extended only to the first buyer/owner of the lift. This is defined as the first legal owner of a **ShoreStation** other than an authorized Distributor or Dealer who has bought the lift from Midwest for resale to the public.

Lift Alteration:

This warranty does not cover alteration of the **ShoreStation** lift, or failure of lift components caused by such alteration.

Production Changes:

Midwest and its distributors/dealers reserve the right to make changes in **ShoreStation** lifts built and/or sold by them at any time without incurring any obligation to make the same or similar changes on lifts previously built and/or sold by them.
